Our Cemeteries

- > Unlike those memorials, many cemeteries struggle to have people visit
- > Why?

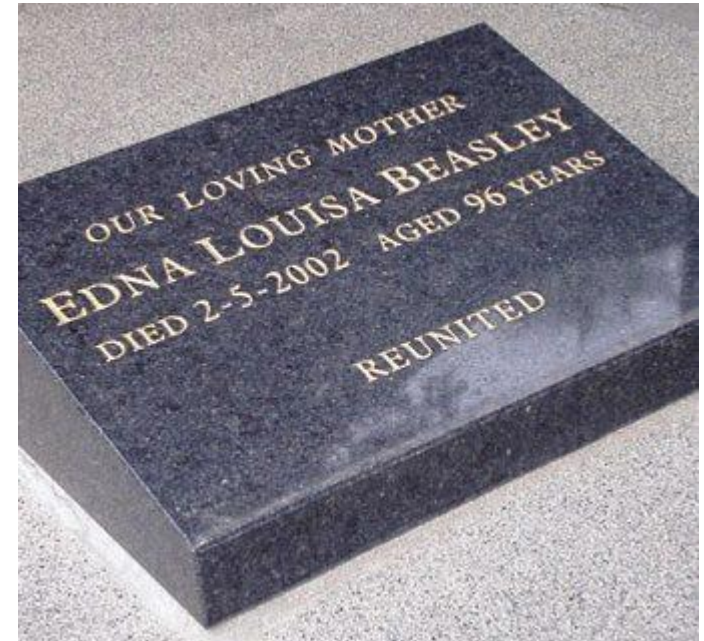

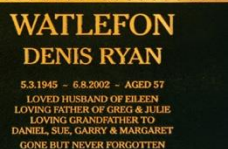

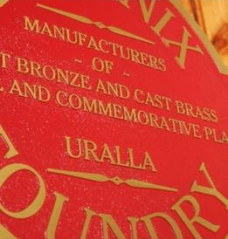

CAST BRONZE PLAQUES AND ARTISTIC CASTINGS

Our Cemeteries

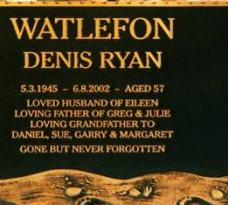

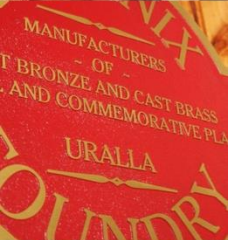

- > How many cemeteries have we all visited and all we see is memorials similar to this.

Memorial v Marker

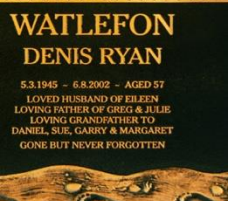

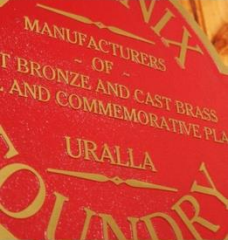

- > Is that type of memorial interesting and will it attract people to the cemetery?
- > Does it make me truly remember my loved one?
- > Does that type of memorial make me smile and walk away from the gravesite feeling like I have visited a “memorial”?
- > Or is it just “marker” that has information about relatives useful only for family trees?

Designing a Memorial

Make it a Memorial,
Not just a Grave Marker!

Designing a Memorial

- > Step 1 – Standard Inscription – commonly seen

Designing a Memorial

- > Step 2 – Emblems / *Epitaphs* – add interests. Can we make the epitaph personal.

Designing a Memorial

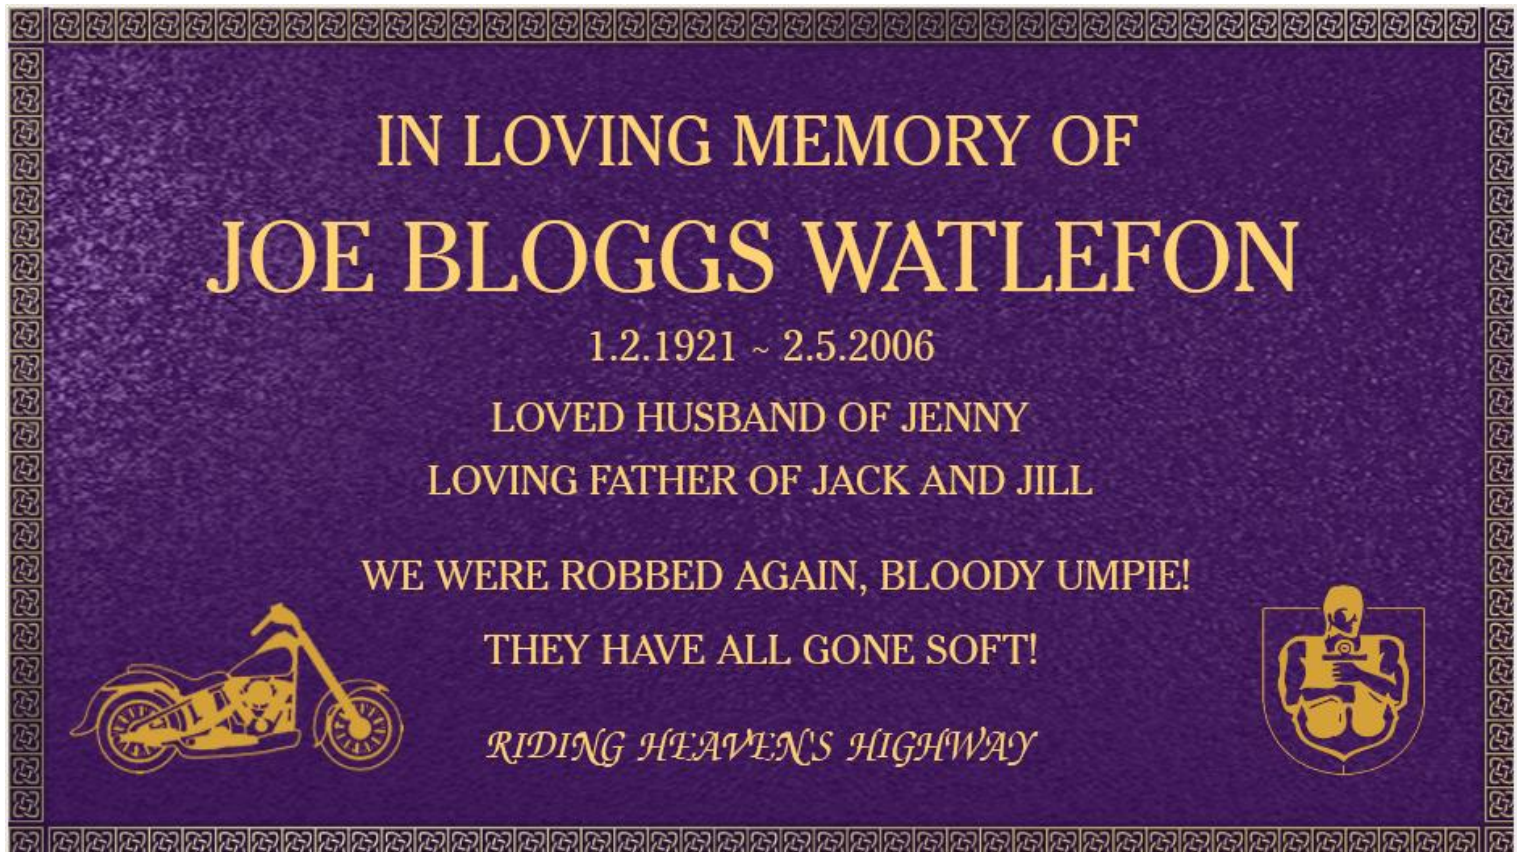

- > Step 3 – Border / Edge – Can we change the border to make it more relevant

Designing a memorial

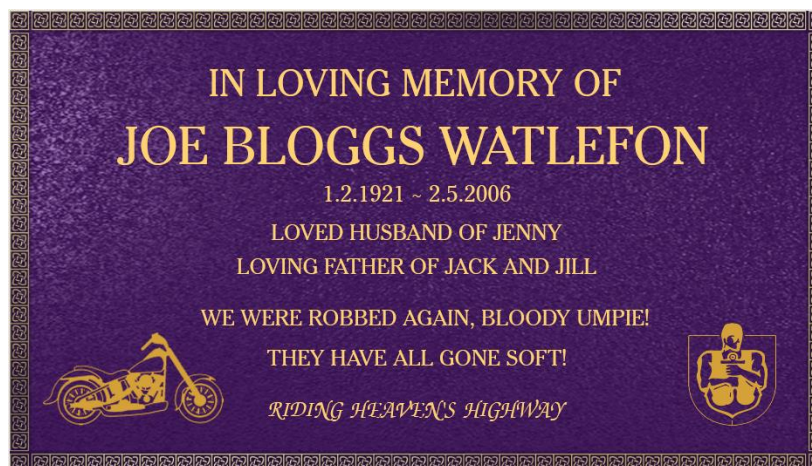

- > Step 4 – Colour – What was Joe's favourite colour

Designing a memorial

- > Summary
 - > Offer family choices
 - > Spend the time with them to find out interests and then bring that info onto the memorial
 - > Encourage epitaph – if appropriate use humour to make people smile.

Epitaphs

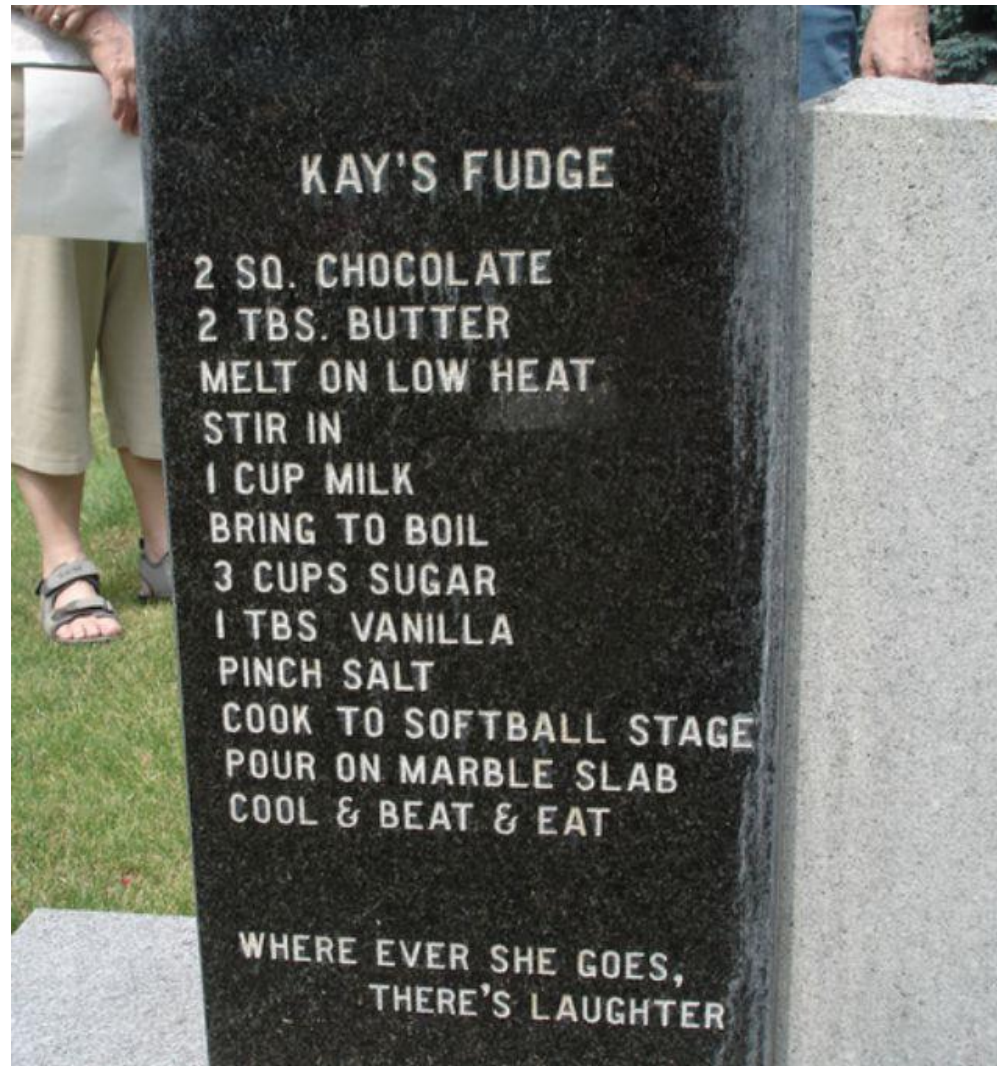

- > Epitaphs
 - > How can simple words change everything
 - > If you saw these would YOU remember them and tell your friends about them?
